*Super Span . . . extra thick and extra rigid soffit panels.*

*Outstanding beauty.*

A natural grain texture, deep V-grooves and realistic shadow lines provide the warmth and richness of all-wood soffit. A 5" exposure creates a feeling of openness, even in confined entryways. Choose from 15 contemporary colors, all with an elegant low-gloss finish.

*Premium ventilation.*

Fully vented Super Span panels make it easy to provide ample airflow to your attic. An advanced "lancing" design assures maximum visual appeal and full panel strength and rigidity.
