

Thanks!

Dear Joe,

Just a note to express my appreciation for a job beyond well done. From our meetings at my house and phone conversations, you were completely professional and gave me total confidence in trusting you with all the projects at my home.

This followed thru with the people you sent to do the work - Dick & Bob for siding, gutters, downspouts, etc and Dustin, Ken & Brian for my windows and doors. They all do excellent work - friendly, efficient and I was completely comfortable leaving them working at my home when I had to leave.

You have an outstanding company

...I'm still sitting here
thinking about
what a nice thing
you did! (job)

Joan

and I would more than
highly recommend it to
everyone!
