

Dear Mr. Joe Tamino,

I just wanted to thank you and your company for the great work you did on my father's house at 3571 Middleboro Rd. in Castle Shannon. The siding looks great and it's a big load off our shoulders that that bit of work of getting the house ready for sale is done. Also, I want to put in a good word for your employee Dave who did the work. He was very professional and nice and courteous to us. He knocked that job out by himself in a few hours and cleaned up every scrap of material that was laying in the yard.  
Thanks again.

Sincerely,

Bill Devine
